National Association of State Aviation Officials

FAI INTERNATIONAL AVIATION ART CONTEST

DEADLINE: January 16, 2026

Flying isn't just about helping others—it can also help you. When people do air sports like paragliding, ballooning, or flying drones, it helps them feel happy, confident, and strong. Being up in the sky makes people feel free, it helps them connect to nature, and exercises complete focus on one single task, all of which are great for their wellbeing. This year's FAI Young Artists Contest theme is 'Fly to Save Lives'. We want you to imagine how aviation and air sports can help save lives.

With your crayons, paint, or pencils, show us your ideas. How can flight make the world a safer and better place? The sky is not the limit—it's where hope begins!

California Coastal Commission

K-12 COASTAL ART & POETRY CONTEST

DEADLINE: January 29, 2026

This contest is open to California residents in grades K-12. Immediate family members of Coastal Commission staff are not eligible. Entries should be individual work, not group projects.

There are five grade categories for awards in both art and poetry: K-1, 2-3, 4-6, 7-9, and 10-12. **Entries must have a California coastal or ocean theme** (for example, no tropical or arctic settings or species). Art does not need to depict specific places or species, but if it does, they must be California places and species. Meaning, sometimes a fish is just a "fish," but if it's a recognizable type of fish, make sure it's one that lives here! (Learn about [California native species](#).) And while you can submit a poem about "the beach," please don't submit one about Waikiki Beach, for example.
